Dialog

I can help you with that! <br>

&More Benefits are special deals created for our customers that can easily be subscribed to by following these few steps: <br></br>

- Click on the hamburger <b>menu</b> in the upper left corner <br>
- Click on <b>Deals & Discounts</b><br>
- Click on <b>&More</b><br>

• A batch of merchants will show detailing each offer! <br>

Note: If you do not see the &More option, then your account is not eligible. <br>

Here are some answers to common questions: <br>

- You will subscribe directly to the merchant via their site linked from here. <br>
- Your subscription will not appear on an AT&T bill. We will charge your card directly.<br>
- Regular data rates still apply if you use a subscription from your mobile device. For example, a movie streaming service still uses data; the deal is on the subscription price only.<br>
- You can come back here easily to see or cancel subscriptions. <br>
- Cancelling your AT&T service will not impact your subscription services. However, discounts will be removed from your subscription with the next renewal. <br>[MSG\_LINE\_BR~05000]
