

Place Order

Intent

#Place_Order

Dialog

I can help you with that! Here's how you can easily place an order:

1. Go to the Manage Devices and Services tile.

2. Go here to shop and choose a new device or accessory.

3. Select Delivery Method of Free shipping, Pick up at store, or Delivery & Setup.

4. Follow the prompts to check out and submit your order!

You will get a confirmation email of your order. If you plan to pick up in the store, wait to get the additional email that your order is ready to pick up.

To get there quickly, use this link[MSG_LINE_BR~05000]
