

Wireless Number Change

Intent

#Wireless_Number_Change

Dialog

I can help you with that!

1. While on the Manage tab, in the upper left of your screen, click the drop down box under I want to.

2. Select the Change Wireless Number option. Enter the wireless number you wish to change then click the Go button.

3. Follow the instructions on the screen carefully and you got it!

Reminder this action will delete the existing voicemail box and require set up of the new one
