Add or Remove Features

↓ Intent

#Add_Remove_Features

↓ Dialog

I can help you with that!

</br>1.In the I want to: drop down, select Change Features option. Be sure to enter the ten digit number then select Go.

</br>2.You will go to the Change Features screen where you can see all the available options and select the desired ones.

</br>3.To get more information on each feature, simply click on the feature name to see a pop up of all information. That's it - you got it!
</br>

Goodbye - FirstNet
